

FEATURES

- Toeplate level indicator aids the operator
- Substantial toeplate plus wear strips from the toeplate to the shovel back add protection in the major wear areas
- Rounded bar on the leading edges reduce potential damage to the crop
- Buckets either come with bolt on cutting edges or teeth.

FEATURES

- Toeplate level indicator aids the operator
- Substantial toeplate plus wear strips from the toeplate to the shovel back add protection in the major wear areas
- Rounded bar on the leading edges reduce potential damage to the crop
- Increased bucket capacity for maximum loading efficiency for light materials.
